

AQUACULTURE MANAGEMENT

FISHERIES AND OCEANS CANADA MARINE FINFISH AQUACULTURE MANAGEMENT ADVISORY COMMITTEE PARTICIPANT AGENDA

March 6, 2014
Marriott Vancouver Airport Hotel, Richmond

MEETING OBJECTIVES:

To bring together a range of interests related to aquaculture in order to discuss and provide advice to DFO regarding aquaculture management in British Columbia. DFO will provide an update on emerging marine finfish aquaculture topics. AMAC will review and provide feedback on the DFO decision on the MF-AMAC Terms of Reference. An introductory discussion with the MF-AMAC will take place with respect to the way that science informs DFO's aquaculture management and how the AMAC would like to engage further in science-related discussions. Initial feedback is requested from the MF-AMAC on the MF- Conditions of Licence renewal in 2014.
