MF-AMAC	1	2-Oct-13	Tony Roberts/ Bob Chamberlin	First Nations	General	DFO should provide new/ additional funding to AAROM for AMAC processes to support community level/ Tier 1 engagement in aquaculture and/or bring information relating to the IMAP and the ToR to local community meetings. Participants noted a need to engage First Nations on both policy and local siting issues, and the need for communities to have capacity in terms of aquaculture to respond to that consultation.	Complete	Aquaculture has conveyed the request for additional funding to senior management in DFO. DFO is providing funding for participants to attend Tier 1, 2, and 3 meetings. At this time there is no additional AAROM funding available. DFO staff have noted to First Nations that they are available to attend community meetings upon request.
MF-AMAC	2	2-Oct-13	Jim Abrham	Local Govt	General	Local Govt asked that DFO reconsider providing funding for travel for local government participants in AMAC.	In Process	As a general policy DFO does not support costs for participation in DFO advisory processes. Staff are looking into this further.
MF-AMAC	3	2-Oct-13	Tony Roberts	First Nations	General	Request that DFO and BC participate jointly in discussions relating to siting considerations.	Complete	Siting Criteria to be discussed at upcoming meeting as follow up to MF-IMAP identification of siting considerations as a management priority.
MF-AMAC	4	2-Oct-13	First Nations	First Nations	General	Noting a lack of trust relating to DFO and industry reporting, DFO and industry were asked to implement some form of First Nations monitoring at aquaculture sites.	In Process	DFO is not considering this as a requirement at this point, but suggest this as an item for possible discussion at future meeting or bilaterally between First Nations and industry.
MF-AMAC	5	2-Oct-13	Jim Abrham	Local Government	General	A request for additional recognition of the jurisdiction of local governments. This was raised repeatedly in the meeting.	In Process	The MF-IMAP was reviewed with local govt representatives following the AMAC meeting, and references to local govenremnt jurisdiction was added in a number of places in the document.
MF-AMAC	6	2-Oct-13	Jim Abrham	Local Government	General	Local government representatives expressed concern that they feel siting criteria is not adequately reflecting an element of "social acceptability".	Complete	This item will be referred to the discussion relating to siting considerations.
MF-AMAC	7	2-Oct-13	Jim Abrham/ Tony Roberts/ Bob Chamberlin	Local Government and First Nations	General	Local government recommended that the Province of BC engage them more on siting and planning issues.	Complete	a) siting issue has been identified as a priority issue and will be addressed at future AMAC mtg; and b) participants were encouraged by the facilitator to follow up with Sean Hebert, who was in the room as an observer.
MF-AMAC	8	2-Oct-13	ENGO	ENGO	Feedback on ToR - DFO ppt provided to summarize info to participants	In response to the draft ToR, DFO and the ENGO community had a meeting. As a result the ENGOs made some specific recommendations relating to the ToR. These were presented to the AMAC table.	Complete	DFO asked for others to provide feedback on the proposal, and First Nations noted that they were also going to provide some feedback. Item will be tabled at future AMAC.
